

880 Acres Will Be Logged At Martis During Summer

Southern Pacific To Permit Operations In Area South of Here

Three-million board feet of mature timber on Martis Peak, about four miles north of Lake Tahoe on the California-Nevada state line, has been sold to Tahoe Timber Company, Southern Pacific Land Company announced today.

Logging operations will start as soon as the area becomes accessible after the snow melts.

Louis Frandsen, president of SP Land Company, San Francisco, reports that the timber being sold has been marked for cutting and consists of less than half the merchantable tree volume on the land. The logs will be processed in the timber company's mill west of Reno near Lawton.

"Our policy is to remove only the mature and high-risk trees to leave the land as productive and 'park-like' as possible," Leon Sanford SP district forester, says.

He points out that this particular tract—consisting mostly of red fir on about 850 acres of land—will be logged according to Southern Pacific specifications, with particular attention paid to leaving more than the usual number of tall trees to shade and restock the tree.

This should promote a good undergrowth of Christmas trees, the first should be harvested in about 15 years.

"We can only afford to keep and manage our timberlands if we leave a good distribution of trees with sufficient growth to insure a periodic crop that will pay our taxes and give us a reasonable return on our investment," Sanford says.

"If we sold off all the merchantable trees, we couldn't afford the cost of managing lands that would produce no revenue for the next 60 years. Under our program, large but immature trees mature and restock the area assuring continuous crops for future cuttings.

"The public also benefits," he says, "since SP's forests are not denuded and so, retain their natural beauty."

Last Rites Friday For Mrs. C. Titus

The entire community was saddened Tuesday when one of Truckee's best loved pioneer residents, Mrs. Cora R. Titus, 82, expired at her home here. Death apparently came suddenly as Mrs. Titus was up and around her home, where she had lived for more than half a century, the day before.

A native of Vineland, New Jersey, born December 12, 1876, Mrs. Titus was the daughter of Mr. and Mrs. William Cottrell. She came west with her family when a young girl and settled at Carson City. It was there that she met her late husband Frank A. Titus, whom she married 55 years ago. Titus expired in 1953.

The couple came to Truckee shortly after their marriage and made this their home.

Surviving are three children, Mrs. Frances Cozzallo and Frank L. Titus of Reno, and Jack Titus of San Rafael. A sister, Mrs. Elsie Hurst lives at San Rafael. There are seven grandchildren and two great grandchildren.

The deceased was active in the Wyethia Club many years and was a charter member.

Funeral services will be held at the Truckee Colonial Mortuary Friday at 2 p.m. with Rev. John Taylor of the Methodist Church officiating. Following cremation in East Lawn, the ashes will be returned and placed beside those of her late husband in the Truckee cemetery.

Sincere sympathy is extended the family from the whole community.

NURSERY SCHOOL TO HOLD PARTY APRIL 25

The public is invited to attend the annual Spring Thaw Party on Saturday evening, April 25, at 9:00 p.m. at Donner Lake Lodge. It is sponsored by the Truckee Nursery School Parents. Dancing will be enjoyed and a buffet will be served. A deluxe barbecue set will be awarded.

Tickets are available by calling Mrs. J. P. Vind at Luther 7-3193.

STATION REMOVED IN CLEANUP PROJECT

In keeping with the current cleanup, paintup program, Clarence Osburn at Osburn's Buick Garage has eliminated the old service station which stood in front of the garage and has resurfaced the area which will be used as a used car lot.

Osburn said that he will also have the garage painted in the near future, adding to the appearance of the vicinity.

Cameron Elected State Senator In District Balloting

Truckee-Tahoe Polls Big Margin For Auburn Attorney

Unofficial returns from 100 of the 106 precincts in the 7th Senatorial District today showed Ronald G. Cameron, Auburn attorney, to be the new state senator from this district to replace Harold T. (Bizz) Johnson.

The count was 6,758 for Cameron and 6,167 for his nearest rival, Wallace W. Brunker, Republican, and Grass Valley accountant.

Cameron is a democrat and was opposed by three other democrats, Harold Rubin of Roseville who collected 995 votes to be in third place; Ray Dunlap, Roseville, 389 votes, and Gerald B. Wallace, Nevada City, 194.

One other republican, Bill Finger of Roseville, received 444 votes.

In the Truckee-Lake Tahoe-Donner area, Cameron received more votes than all other candidates combined with 340 to Brunker's 185; Dunlap, 18; Finger, 58; Rubin, 15 and Wallace 4.

Truckee gave Cameron 106, Brunker 53, Dunlap 13, Finger 22, Rubin 5 and Wallace 0.

Floriston
Cameron 15, Brunker 12, Dunlap 2, Finger 1, Rubin 0, Wallace 1.

Donner Lake
Cameron 20, Brunker 17, Dunlap 1, Finger 5, Rubin 0, Wallace 0.

Soda Springs
Cameron 26, Brunker 5, Dunlap 0, Finger 0, Rubin 0, Wallace 0.

Tahoe City

The election of Cameron gives the democrats a 27-13 edge in the state senate.

The successful candidate had the endorsement of Governor Brown, Congressman Harold Johnson and U. S. Senator Clair Engle as well as the central committee of the three counties, Nevada, Placer and Sierra, which he will serve.

Brunker was endorsed by his republican committees of the three counties and Vice President Richard Nixon.

ORIN BRANCH DIES AT CARSON HOSPITAL

Branch, about 70 years of age knew much of the lore concerning the area and had a legion of friends who regret his death. Several years ago he left the lake to live in Grass Valley, continuing to Nevada. He is survived by his widow, Marie.

TRUCKEE WOMAN IS HURT IN ACCIDENT

Mrs. Charles Osburn is recovering from a fracture of her lower left leg suffered in a mysterious accident at the foot of Spring street last Wednesday night.

The victim reported she was walking home when she was apparently struck by a vehicle, but due to the shock she was unable to give any details to investigating officers.

Mrs. Osburn was taken to the Tahoe Forest Hospital where she is undergoing treatment.

One of the most necessary organizations in Truckee, and one which is sorely in need of support, particularly during the coming year, is the Truckee Outdoor Sportsmen. Too few people realize the importance of a strong, alert sportsmen's group in an area where fishing and hunting are among the principal assets. The local organization has a fairly large membership, but this membership is allowing a few hard-working, sincere people to carry the ball on every play. This hand-full of workers has kept the program alive, has planned and promoted legislation so vital to the region and has fought against forces which would damage the fishing and hunting in the area, but the time has come when they need help. We can't expect half a dozen or so sportsmen to continue to fight our fight indefinitely, so why not volunteer, attend the meetings and provide a united front in issues which are certain to arise with the development of new highways, dams and other commercial advancements? Let these people know they are doing a good job and give them a hand.

Every able-bodied man, woman and teenager is invited to join in the big cleanup program Saturday. Join the gang for breakfast at Smart's at 8:30 and help your neighbor, as he helps you, in making the community spic and span.

Street Cleaning Is Scheduled Friday

As the first step in the cleanup program, Deputy Sheriff Roy Waters announced today that the fire department, the sheriff's officers and the cleanup committee tomorrow morning will clean-up the main street from one end to the other on both sides.

This will be possible only if all cars are kept off the street during the wash-down.

Everyone is asked to cooperate as parking stripes will be painted and this will not be possible if cars are parked on either side of the thoroughfare.

TWO BABIES BORN AT HOSPITAL HERE

Mr. and Mrs. John Martinson of Tahoe City are parents of a son born Friday, April 3 at the Tahoe Forest Hospital. The newcomer has been named Anders Brink and weighed 7 pounds, 9 ounces at birth.

Mr. and Mrs. Carroll Brown became the parents of a son on April 1 at Tahoe Forest Hospital.

The young lad was named Todd Keough and weighed slightly more than five pounds on arrival.

HIGH SCHOOL PTA TO NAME NEW OFFICERS

Officers for the coming year will be elected at the April 9 meeting of the Tahoe Truckee high school P. T. A., to be held in the cafeteria of the building.

Harold Weaver, superintendent of the Sierra College is the scheduled guest speaker of the evening. The distribution of a \$600 scholarship fund will be decided and refreshments will be served.

The 19 names were selected at random from the venire of 30. The foreman is John R. Lastova of Nevada City.

Bring your rake and shovel and join in Saturday's big cleanup.

Wolverines Win In First Three Ball Games Of Season

Local Team Will Be Host To Reno On Truckee Field Saturday

The visiting Manogue Miners went down to a 1-0 defeat when Craig Robinson, veteran Truckee-Tahoe Wolverine right-handed hurler pitched a no-hit shutout on the local diamond yesterday.

Truckee-Tahoe's single run was in the third inning when Buzz Trainor slammed a base-empty home run for the only tally of the day.

It was the Wolverines' third win of the season. Saturday they host the Reno Huskies in another league contest.

BY JOHN FIRPO

Coach Cal Farley's Wolverines with the help of some brilliant pitching on the part of veteran Craig Robinson, took both games over the weekend. The traveling Mountain Men first broke the spring season ice by whipping the Portola Tigers, 6-3 and then whitewashing the Lovelock Mustangs 12-0 Saturday at Lovelock in a Northern Nevada "A" conference game.

John Zanotti went the route for the Wolverines at Portola getting help from Robinson on two occasions; once in the second inning with the Wolverines behind 2-0 and the bases jammed. Farley immediately replaced Zanotti with Robinson who in turn retired the sides on strikeouts.

Saturday the game was all Robinson as he struck out 18 batters! He had a no-hitter going for him until the final stanza when leadoff batter Roy Castillo, of the Mustangs, plopped a single behind second after fouling off first pitch which fell out of the TnT catcher's glove. Robinson struck out the next three to end up with a one-hitter in which he never walked a man.

Supporting the winning cause at Lovelock in the hitting department was freshman first baseman John Zanotti who collected a home run and double. Robinson helped his own cause by banging out a triple.

This Saturday the Wolverines host the Reno Huskies on the TnT diamond at 2:00 p.m.

Everyone Invited To Join Cleanup Here On Saturday

Free Breakfast, Lunch To Be Provided Workers On Project

Everyone—young or old capable of handling a rake or shovel—is asked to join in the cleanup crusade which will get underway with a free breakfast at Smart's Saturday morning at 8:30 o'clock.

Following the breakfast of hot-cakes and coffee the group will be divided into squads and spend as much time as possible in a concerted drive to clean up the entire community including Truckee, Donner Lake, Meadow Park and Gateway Park.

At a meeting of committee chairman, headed by General Chairman Zeph Rose Tuesday, N. F. Dolley, chairman of the cleanup committee Tuesday outlined the plans for the day.

Immediately after breakfast, the 12 trucks and two loaders, accompanied by a group of volunteers will be assigned to areas designated by Dolley. In the meantime, home owners are asked to clean out attics, basements and yards and have the debris in piles accessible to the streets or driveways so the trucks can haul the rubbish away. Captains for the various areas have been named by Dolley. They include Deputies Sheriff Roy Waters, Emery Lander, Leo Zander and Robert Schooley and Robert Seibold.

Among those donating equipment for the day are Tom Dollev, Les Davidson, Leo Smisek, Clements Rock Products, the high school, G. E. Lewis, Donner Lake Development Co., Shorty Harris, Truckee Public Utility District and H. G. Loehr. Some are lending two pieces of equipment in order to shorten the time for the job.

At noon, the Truckee Firettes will preside at a lunch stand near the fire station in Truckee and free sandwiches, coffee and soft drinks will be distributed to the volunteer workers.

Dolley said that Leo Smisek had volunteered the use of the dump area for hauling the debris as well as the use of his two vehicles.

The committee decided to have a king and queen to preside over the cleanup and these will be two youngsters to be chosen by the committee before Saturday.

"In order to make this cleanup possible in one day it will require the full cooperation of everyone," Dolley explained. "We hope to have the entire job done in one day and it is not asking too much to expect a large turnout."

The Pabco Paint Company, which is cooperating in the project, will have a 16mm movie camera here and pictures will be taken during the day as the work progresses. These pictures, together with "still" shots to be taken by Sergeant Frank Snyder of the publicity committee, will be used widely. It is also hoped to have a sound truck in the area before and during the cleanup to aid in directing the work.

As soon as the cleanup work is finished, the paintup committee headed by William Englehart, Jr., will start preparations for the second community effort on April 25th.

Lee Apple of the finance committee, says that funds are required and the chamber of commerce has started the ball rolling by contributing \$250. Other organizations are being asked to do their share in the important project.

DONALD TRASK WILL BE HARVARD AIDE

Friends of Donald Trask will be happy to know that he has an assistantship at Harvard University beginning in September. He who until recently taught on the faculty of the Tahoe-Truckee High School, is now on campus at the University of Nevada where he will complete his Masters Degree in August.

Harvard will not necessarily be a new experience for Trask, for while at Andover School for boys, at the age of 13, he took adult classes in the Science subjects of the evening school. The elevation from undergraduate standing to the doctoral program will be new and will provide the thrill that comes from scholastic achievement.

PICNIC IS PLANNED BY WYETHIA CLUB

Members of the Wyethia Club, at their recent meeting voted to have a picnic while visiting one of the tree plantations of the Tahoe Forest service in the near future.

They chose Shirley Smith, daughter of Mr. and Mrs. C. Z. Smith to represent them as a queen candidate for the title of Miss Donner Lake.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) — Cali-
fornia is a large state, and it is not
unusual for its chief executive
sometimes to be unaware of what
goes on in his departments. The
governor appoints Department
heads who are assumed to be re-
sponsible individuals dedicated to
the task of carrying out his policies.
Governor Edmund G. Brown
therefore should be commended
highly for cancelling out a confer-
ence of boards and commissions of
the Department of Professional
and Vocational Standards which
was scheduled May 1-2-3 in vaca-
tionland Carmel.

The governor found out about
the session through a Capitol News
Service story, and announced that

although he was scheduled to
speak at the meeting, he had been
booked by one of his secretaries.
He was not aware of the engage-
ment, he said in a press release
issued calling off the session.

Also, it is not often that a news
service has the opportunity of
saving the state some \$10,000 with
one story, which occurred in this
instance. The governor said this
estimate of probable expenditures
was "highly exaggerated", but cer-
tain fiscal experts who made the
estimate feel that it was a conserva-
tive figure.

The governor and his director of
finance, Bert W. Levitt, have estab-
lished a policy against such ses-
sions in their economy drive.

"The policy should be observed
throughout the state government",
the governor's release declared.

However, another one of the
governor's directors must not have
heard of the policy, as close on
the heels of the governor's release
came a hand-out from John E.
Carr, director of employment, an-
nouncing an annual "pre-season
planning and training meeting" of
the farm placement service of the
California Department of Employ-
ment, which will be conducted
April 6-7-8 at the swank Mar Monte
Hotel in Santa Barbara.

The department of employment,
however, is in a little different sit-
uation than the state government.
The federal taxpayers in effect will
be paying for this junket, although
the tab in a round-about way actu-
ally comes from the federal unem-
ployment insurance tax paid by all
employers of eight or more persons
to the federal government. This tax
amounts to three-tenths of one per-
cent of the employer payroll.

Of course the purposes of the
Santa Barbara meeting are highly
important, at least to the farm
placement officers. As Carr de-
scribes them, the meeting will be
devoted to "emphasizing maximum
use of domestic agriculture labor
this season, review the foreign
worker program and acquaint the
department's farm placement rep-
resentatives in the field with plan-
ning and procedural development
for 1959."

If Governor Brown wants to ef-
fectuate a sound economy program,
there are a great many fields in
state government that such a pro-
gram can be initiated. There is no
doubt Governor Brown wants to
accomplish a sound economy pro-
gram, but he is hampered by civil
service practices, stupidity in man-
agement and a general reluctance
to consider the taxpayer. More and
more, the need for a sound, over-
all study of state government for
the purpose of effecting good busi-
ness administration is demon-
strated.

Monterey became the site of the
principal presidio and capital of
California 168 years after the Bay
was so named.

California produces all the dry
Lima beans in the United States.

POLLING PLACE therein shall be
at Truckee Elementary School-
house. Officers of Election for said
Bond Election Precinct: Mrs. Lucile
Bick, Inspector; Mrs. Esther Fox,
Judge; Mrs. Gertrude Rablin,
Judge.

BOND ELECTION PRECINCT No. 5
shall include all the area embraced
in those portions of Nevada County
General Election Precincts of Don-
ner Lake and Truckee lying within
the Tahoe-Truckee Unified School
District.

POLLING PLACE therein shall be
at Truckee Elementary School-
house. Officers of Election for said

NEWS NOTES FROM TAHOE

NAOMI McLANE
Box 711, Tahoe City — JU 3-3187

Mrs. Pauline Sheehan has spent the major part of two weeks in the southern part of the State saying farewell to her oldest son, Dan, who will set sail for far away parts as a Marine this month. During Easter week the other two Sheehan boys, Tom and Joe, and their father, Tom Sr., were down but had

to return for work and school.

A year ago this week was our fine Easter storm of amazing proportions. Who can believe this is the same country this year? Under all the golden warmth lies a hint of the fact that winter can still, at any time, snarl and rage and displace Spring, but at this date, not for long.

The Women's Club of Tahoe held a regular business meeting Thursday at the Community Hall with President Mrs. Ernest Le Pire presiding. The main item of business

was discussion of the Sutter District Convention which will be held in Auburn this April 15, 16 and 17. Mrs. Charles Henrikson, Mrs. Charles Neilsen, Mrs. Robert McMahon and Mrs. Ray Cahill were co-hostesses in serving the charming luncheon. The next meeting will be held at the Tahoe Inn when the annual Memorial Service of the club will be held as well as the election of officers for the new year.

The community will miss Kenneth and Lorene Dunn who left with their new baby Shelley, last week to take up residence in Firth, Idaho. The other two children, Rebecca and Lowell, had gone up earlier to visit their grandparents.

Mr. and Mrs. Warren Peterson have gone to Oakland for several days on business. Timmy and Rudy accompanied their parents.

Two Brownie birthdays were celebrated this week at the Brownie meeting: Vernice Bean and Shirley Stark were honored by their little friends.

Mrs. James W. Williamson was

honored at a pink and Blue shower by her friends and neighbors on the first of April at the home of Mrs. Beulah Carrell. Co-hostesses for the party were Mrs. Myrtle Carnell and Mrs. Jean Henry. A diaper prize was carried home by Mrs. Alberta Stark, the April Fools Day prize was won by Mrs. Barbara Spitsen, and the Safety Pin prize was won by Mrs. Beccy Shontz. Other guests were the Meses. Aletha Burmer, Eunice Henrikson, Carolyn Henrikson, Jean Calhoun, Corinne Otten, Dorothy McCaskie, Ditty Ables, Chick McBride, Grace Gehlert, Mazie Carnell, Pat Vanni, Helen Beaverson, Sally Pyle, Betty Starratt, Dorothy Lewis, Martha Snyder and Doris Clark. Refreshments, beautifully decorated by Jean Henry, were served by the hostesses.

Over Friday, Saturday and Sunday, Mr. and Mrs. Ray Grahn were happy to welcome a brother of Ray's whom they had not seen for fifteen years. Mr. Carl Grahn and his wife, Florence, drove from Detroit Michigan, for this long overdue reunion. Another brother, Walter, came up from Oakland to join the family.

April 3 had many happenings. A new son arrived for Mr. and Mrs. John Martinson at the Tahoe Forest Hospital that day which was his father's birthday too. However Marty did not know about the baby until late Saturday night when he returned from a Snow Survey trip high in the Sierras above Bishop. The new, little boy who weighed 7 pounds 8 ounces is named Anders Brink Martinson. Dr. Kenneth Turner officiated.

Also on April 3 John Wood returned from his six month stint with the Army at Fort Ord to his home with his aunt and uncle, Bob and Naomi McLane. April 3 is John's birthday too.

Mr. and Mrs. Clifford Plew and the children Chrissie, Bobbie and Cliff, returned from a visit to Atascadero this week where they visited Naomi's mother, Mrs. James Mitchell.

Mrs. Blanche Donaldson had a surprise the Saturday before Easter which should be mentioned. Mrs. Maizie Carnell and Mrs. Pat Vanni had kept their Corpus Christi choir practicing well beyond the lunch hour and so to make up to them for their active cooperation the two women marched the youngsters—all thirty of them into the Donaldson restaurant for refreshment. Blanche was floored, to say the least, but in short order had all the youngsters happily munching.

Mazie and Pat wanted a word of gratitude to be said publicly to all the mothers who sewed so dilligently and baked cakes for the sale which made possible the beautiful red robes the choir wore on Easter Day for their singing.

The Corpus Christi Guild will have breakfast together at the Tahoe Inn this coming Sunday after the Communion service at their church. This will be the first of the monthly after-Communion breakfasts for the women.

We are sorry to say that Gary Henry, son of Mr. and Mrs. Al Henry, had to be hurried to the hospital in Reno for blood transfusions this last week. It has been an anxious time for the Henrys

but word is that Gary is on the mend now.

Measles are following the mumps at the Bud Meixner household. Luckily the adults have not been affected and it is now too late for the mumps. This has been no joke to our community. Both Carolyn Henrikson and Eunice Henrikson had mumps quite badly following their children's lighter cases as did Bill Bechdolt. Fifteen year old Grant Burmer has been in isolation at the hospital with the disease for two weeks now. He is expected home this Wednesday or Thursday.

Mr. and Mrs. John Palmer are just returned from a 10 day sail from San Francisco to San Diego. They will leave their boat there at the southern port to be ready for a trip in Mexican waters when they can next get away. Palmers will open their Riviera Shop in the Coddingtown—Wetzel building, this coming season.

The Tahoe Gift Shop is undergoing a face lifting to be ready for opening May 1, says Helen Beaverson. I think everyone will approve of the alterations. A new door gives Judge Vernon a separate entrance for his office and the whole layout is very attractive.

PARENTS WARNED ON SCOOTER VIOLATION

Micro-midgets, quarter-midgets, and other models of the tiny gasoline engine powered cars that have become so popular with the pre-teen age set are legal only when used on private property.

Bradford M. Crittenden, commissioner of the California Highway Patrol, declared today that illegal use of the tiny vehicles has become widespread and expressed the hope that "parents will fulfill their responsibility and see that their children keep these toys off public streets and highways."

The patrol official pointed out that, under state law, any self-propelled vehicle is a "motor vehicle" and when driven on public roads must be registered and display license plates. Furthermore, it must

meet all the legal requirements as to lights, breaks, windshield, and other equipment and must be driven only by a licensed operator.

"Our main concern is with the safety of these youngsters," Crittenden emphasized. "Just the thought of what could so easily happen makes me shudder. The law makes the parents liable if they allow an unlicensed vehicle to be operated by an unlicensed driver on a public street or highway. Parents violating this law will be cited in order to save their youngsters from injury or death."

It will be partially manufactured in a small mill near the logging sight and reprocessed into finished lumber at Cal-Ida's re-manufacturing plant at Auburn, California. Leon Sanford, district forester for SP, states that the railroad and logging company will see that great care is taken to preserve the recreational values and timber-growing potential of this acreage. "Our foresters have checked the land and marked all the trees that are to be cut," Sanford says. "We're only logging off the mature or high-risk trees. The younger timber will bind the soil, preserve the watershed and restock the area for continuous crops over the years. The trees remaining preserve its park-like appearance."

"The timber on this particular tract," he says, "is of a particularly desirable type for fine lumber products as it is free from pitch and has few blemishes since red fir is one of the few trees that can effectively prune itself when young and thus produce an unusual high percentage of clear lumber."

DEADLY POISE—The Army's LaCrosse, still under development, is a truck-launched field artillery guided missile whose potential battlefield effectiveness was publicly demonstrated recently at White Sands Missile Range, N.M., when it landed full on the predesignated target. It is 19 feet in length.

This Sunday the pastor will preach on the topic, "What's Happened to Hell?" There was a time when a good deal of our Protestant evangelical preaching seemed to center around Hell, and now we can attend church for years without number without hearing of it at all, or so it would seem. Has something happened to "the hot place"? Is it destined for oblivion as a "shock" word in the vocabularies of second rate comedians? And, if this is true, what is to take its place?

There will be no Bible study this evening because of the church dinner, which (of course) everyone is attending. The class will meet next Friday evening at 7:00 as usual.

T.T.T.A. MEETS

James Simmons and Donna I. Power teachers at the Donner Trail School attended the meeting of the Tahoe-Truckee Teachers Association held at the Tahoe Lake School. Several issues important to educators were discussed. The local bond issue, which if passed will provide for the construction of a much needed multi-purpose room at the Donner Trail School, was discussed. A matter of national interest was the Murray Metcalf bill which, if passed, will provide for federal money to be spent on schools. The teachers at their May meeting will elect from a slate of candidates presented by the nominating committee.

SUGAR BOWL

Skiing conditions in the Bowl were fair this weekend. The warm sun has brought soft snow to most slopes in the area. Even so the National Veterans (senior) giant slalom race was held. Coming races in the Bowl will be Oakland Ski Club junior race held on April 12th. The 17th Annual Invitational

Customs have changed through the centuries but time continues never changing. The questions are often posed as follows: is God working and manifesting Himself in this era as He did in past ages? If he is, how is He? And why is He? What is His purpose? The message next Sunday will be an exposition on these problems. The title of the sermon "Elijah's God and God's Elijah".

GOVERNOR OPPOSES VET TAX CHANGES

Governor Edmund G. Brown said today he firmly endorses the existing \$1,000 property tax exemption for veterans.

"This is a small enough price to pay in return for the sacrifices made by those who have faithfully served their state and their nation in time of hostilities," the Governor said.

He made the statement in reply to questions from a number of veterans organizations, who said their members were not fully in-

SKIERS DINE

The Soda Springs Ski Corporation showed their thanks to employees, ski school instructors, patrolmen, their wives, and friends at a prime rib dinner at the Donner Summit Lodge. Talks were given by various members of the group, numbering about 65. It was pointed out that skiing as a recreational sport is gaining in popularity among all age groups in the area. In spite of the short season this year, a lot of good skiing has been done. Plans for next year are being laid even this early. Applications are being accepted by the Soda Springs Ski Corporation for a full time head ski patrolman in 1960.

TRUCKEE ELEMENTARY
KINDERGARTEN: Our big news item of the week is our setting hen. One of the bantam chicks which we hatched in Kindergarten last year, is now setting on ten bantam eggs. Debbie Eckerman, Donna Horman, Jean King and

Joan Apple have cared for her this week.
FIRST GRADE: Larry Doyle brought a very interesting book about science.
Several children went on trips during Easter vacation. Deborah and Drucilla Turner told us about their trip to Oregon.
We are pleased to welcome back to our class: Kay Snyder, Billy Fallon, and Dottie Kirk. Robert McDonald has also joined our class.

Children who had perfect scores on this week's spelling test were: Kent Mullis, Ben King, Larry Doyle, Diane Rose, Drucilla Turner, Robert McDonald, Linda Baker, Debby Jo Wurst, John Poppe, Kathleen Collier, Nancy Raynor and Dottie Kirk.

Donna Smith receives honors for making the greatest improvement in arithmetic. Advancing in reading were Darlynn Ingalls, Stephen Weiler, Billy Hobbs, and Richard Purington.
FIFTH GRADE: The fifth grade had another public speaking exercise. Top performances were turned in by Lary Digesti, Monty Straub,

Chuck Trainor, Anne Morey, Dianne Pankoke, and Betty Saarni. The fifth and sixth staged another thrilling track meet. This time the sixth led by Dennis Douglas and Kenny Taylor gained a 25 to 20 victory over the fifth grades. Monty Straub and John Besio looked good for the fifth but they weren't able to catch the speedy sixth graders as they did before.
SIXTH GRADE: The room mothers of our class gave the pupils an April Fool's Day party on Wednesday. A dummy cake was beautifully decorated and suckers for the children were inside of it. YOUR VISION

By: Albert J. Demers, Optometrist

WHAT IS THE MEANING OF 20/20 VISION

"My eyes are perfect; I have 20/20 vision." The true meaning of this very common belief is nearly always misunderstood. The term "20/20" refers to the size of the letters which are readable 20 feet away; these letters are about 3/8 of an inch high. Most eyes are able to read letters of 20/20 size, though proper lenses may be necessary. If the letters must be made larger in order to be identified, the denominator of the fraction becomes larger, for example, 20/40, 20/60 and so on. If even smaller letters can be seen, the vision is expressed as 20/10.

A person whose vision is 20/40 would require letters twice the size of those necessary for 20/20 vision, while 20/100 letters would be five times as large. This does not mean that 20/100 vision is therefore five times worse than 20/20. It is worse, yes, but not in direct proportion to the size of the fraction.

How much worse 20/100 vision is than 20/20 vision depends upon other factors. This expression is but one of the many visual skills of a pair of eyes. It indicates only how clearly they see at distance; it tells nothing of the indirect fields of vision, the eye muscle action, the ability to see at a close point, and above all, it does not indicate how much "effort" or nervous energy may be necessary to keep clear vision.

There are many cases of 20/20 vision in which vision is not comfortable nor effective. Many people who wear glasses have 20/20 vision without them. Headaches, fatigue, and eyestrain may occur from use of eyes which see clearly. Sharp vision is essential, perhaps the most important single requirement; but it is not the only one which a pair of eyes must have to be what might be called "perfect".

ing a unit on the post office which has been of great interest to all. We have learned how to write a letter, address an envelope properly and the procedure to follow in mailing a letter.

Everyone wrote a story telling about their Easter vacation.

**SIERRA COLLEGE IS
 NEAR READY FOR BIDS**

The new campus of Sierra College on an approximate 210 acres of land a half mile East of Rocklin is rapidly approaching the state of calling for construction bids, probably next August.

At the present time, two engineering firms and architect Gordon Stafford are at work, putting together the features that will enable the formal calling for construction bids by the board.

Engineer Lester O'Meara is working out plans for a water supply for the campus that will be needed for general use, fire protection and sewage disposal.

The firm of Porter, Urquhart, O'Brien and McCreary is engaged in soil testing for the foundations of the structures to be erected, together with sub-surface drainage problems. Many holes have been drilled in the progress of this study.

Meanwhile, architect Stafford is completing his working drawings of the eleven buildings scheduled for the campus, and will have them ready for review by the board, probably in May. After this review he will complete the plans and specifications, and when they have been given final approval by the state department of school planning, bids can be advertised by the Sierra trustees.

It is envisioned that this can be done in August, with bids to be opened in September 1959.

The financing of the project is ready with all \$3,040,000 in bonds voted in October 1957 sold. Most of the proceeds are now deposited and interest is accumulating until construction starts.

Stafford has been given approval of eight structures for his working drawings. Three others are still incomplete on minor details but will be ready this month.

Completely planned are the following: Science Building, Business Education, Library and Engineering, Administration Building, Campus Center, Academic Classroom Building, Industrial Arts Building, Music and Drama Building.

Minor planning is still required on the following: Gymnasium for Men and Women, Home Economics and Art Building, Dormitory for Men.

The sign pictured above faces the Lee Mine Road, which forms the Southern boundary of the campus.

Approximately 60 acres of land will be available for parking at the new San Francisco Giants baseball stadium.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN'S PEACE -- THREATENED?
RESCUED BY TARZAN AND ITO,
THE PARACHUTING MAN STILL
LIES UNCONSCIOUS BETWEEN
LIFE AND DEATH...

AT GREAT PERSONAL RISK, TARZAN REACHED THE CLIFF-CAUGHT PARACHUTE AND THE UNCONSCIOUS MAN, THEN BROUGHT HIM SAFELY DOWN TO THE PINK PALACE.

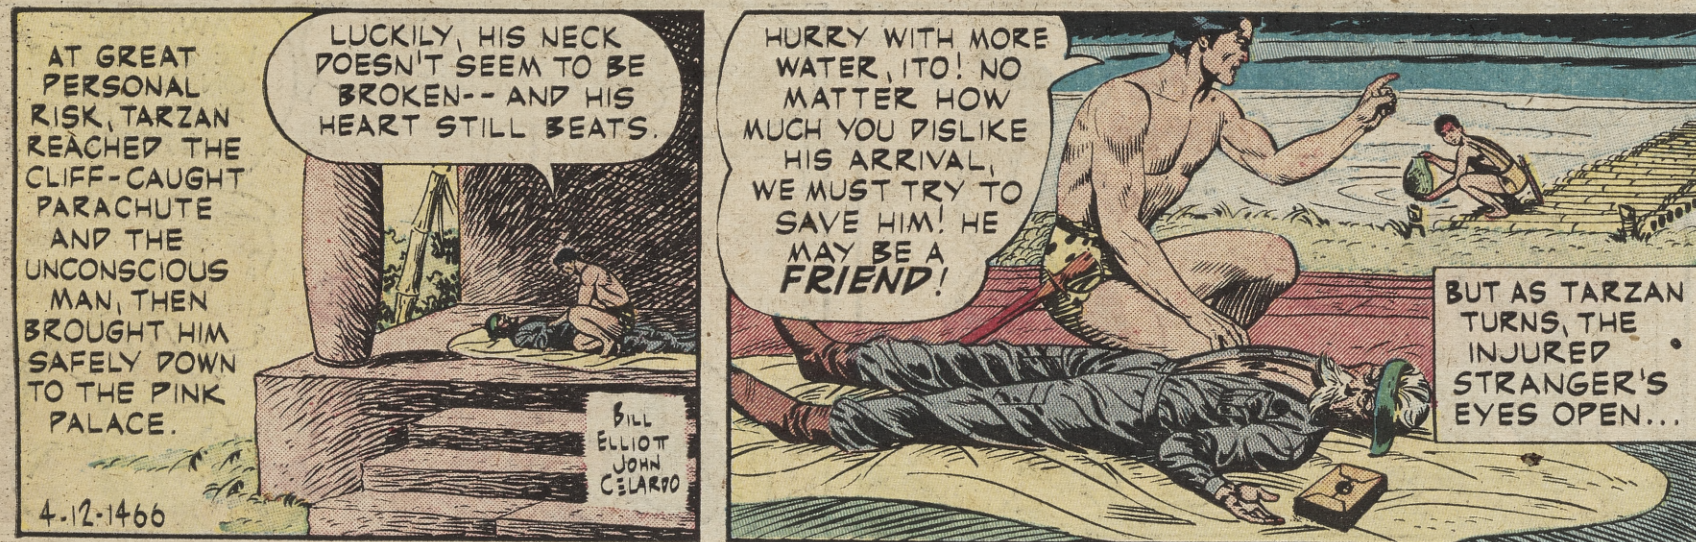

LUCKILY, HIS NECK DOESN'T SEEM TO BE BROKEN-- AND HIS HEART STILL BEATS.

HURRY WITH MORE WATER, ITO! NO MATTER HOW MUCH YOU DISLIKE HIS ARRIVAL, WE MUST TRY TO SAVE HIM! HE MAY BE A FRIEND!

BUT AS TARZAN TURNS, THE INJURED STRANGER'S EYES OPEN...

Bill Elliott John Celardo

THEN QUICKLY CLOSE AGAIN--

TARZAN!! I FOUND A BUSH LIKE THE MEDICINE MEN USE TO WAKE UP SICK MEN. I CAN MASH ITS LEAVES, PUT THEM IN HIS MOUTH, AND HE'LL WAKE UP QUICKLY!

THE WAY YOU FEEL ABOUT OUR FRIEND HERE, I'M NOT SURE I CAN TRUST YOU-- YOU MIGHT FEED HIM POISON LEAVES!

OH, I WOULDN'T POISON HIM, IF YOU SAY NOT TO... ONLY WAKE HIM... HMM-- A RED SPIDER MIGHT DO IT!

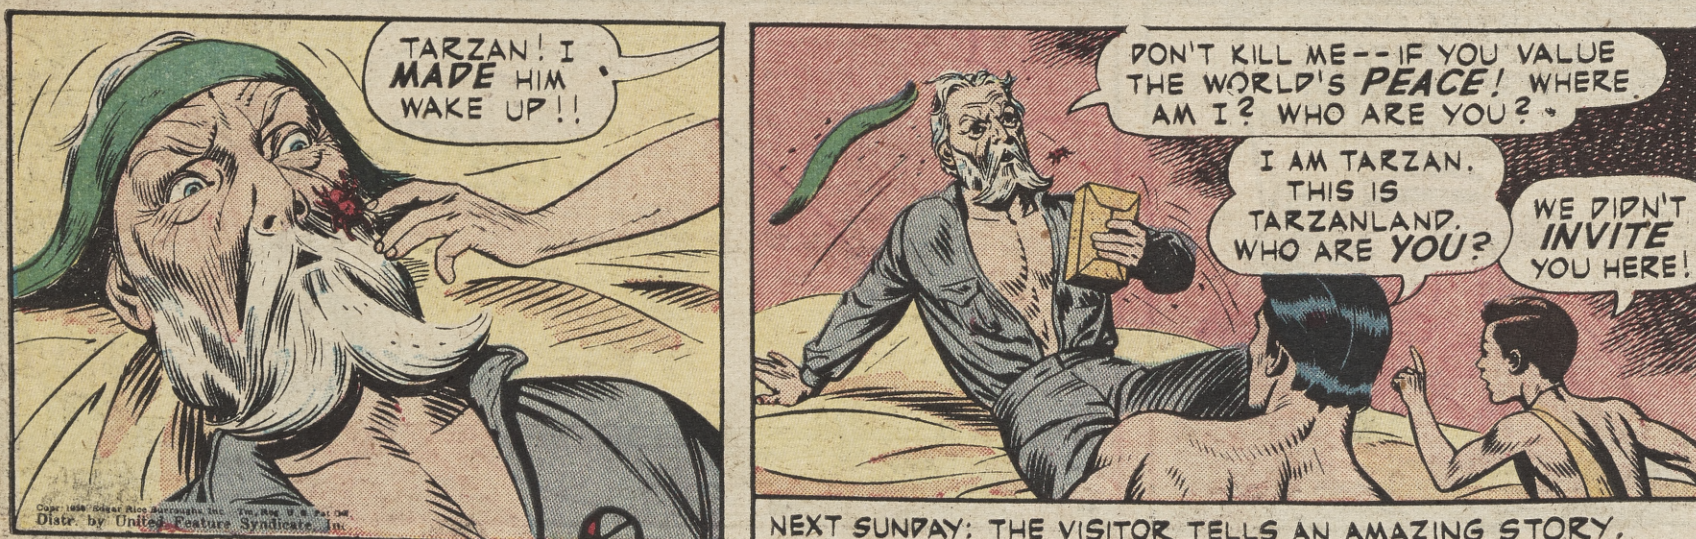

TARZAN! I MADE HIM WAKE UP!!

DON'T KILL ME-- IF YOU VALUE THE WORLD'S PEACE! WHERE AM I? WHO ARE YOU?

I AM TARZAN. THIS IS TARZANLAND. WHO ARE YOU?

WE DIDN'T INVITE YOU HERE!

NEXT SUNDAY: THE VISITOR TELLS AN AMAZING STORY.
